CodeList Summary (Total Codes: 1338, Included: 1)

Code Name

LPC Legislative Price Control in Effect

Description: Prices are controlled or approved by a legislative body, such as a state or province.

Note 1:

Supplier-provided product cost identified in G8308 and G72 Allowances and Charges segments in this 894 transaction set are legislatively controlled. Retailer price adjustments are beyond the Supplier's control and cannot be honored if entered into the 895 transaction set.
